Embroidery
Excellence

Orris Pro Flat Rate Flat Type Quilt Series Of Computer Embroidery Machine:

Model	Head	Needle	Head Interval	EMB Area	Max Speed
FC388	88	3	110	900	850
FC3100	120	3	82.5	900	850

Product Features:

01. New Liner Driver Design
02. Stronger Machine body design
03. New Double Change color system
04. Max Speed: 850rpm
05. Main Motor: Servo motor
06. X/Y, Servo Motor

Orris Pro 918 High Speed Computer Embroidery Machine:

Model	Head	Needle				Head Interval	EMB Area	Max Speed
GG918	18	4	6	9	12	300	900	1200
GG924	24	4	6	9	12	300	900	1200
GG930	30	4	6	9	12	300	900	1200

Product Features:

01. The maximum rotation speed can reach 1200r/m. high-speed head with mute device is applied to make operation more stable with lower noise.
02. Independent motor thread-picking device is adopted to ensure no thread loosening and make it more stable and reliable.
03. The locking head device of motor can realize reliable high speed embroidering and silencing.
04. Automatic oil lubricating system is optional to extend service life and maintenance period and facilities use.
05. Compared with common machine model, X/Y-directional drive adopts servo drive with high precision. Low noise and more beautiful embroidery works.
06. Adoption of the new designed machine bridge body greatly improving the stability and reliability of the embroidery machines.

Orris Pro towel Embroidery machine:

Model	Head	Needle		Head Interval		EMB Area	Max Speed
LM615	15	4	6	300	400	900	700
LM620	20	4	6	300	400	900	700
LM624	24	4	6	300	400	900	700

Product Features:

01. The chenille embroidery and chain stitch can be changed automatically at high speed. Thread cutting needle can be adjusted and locking head operation can be made for special embroidery.
2. Fully automatic color changing trimming thread breakage detecting lead to easy and fast operation.
3. Combined with flat embroidery head and sequin device to be towel mixed series.
4. Maximum speed is 700 rpm.

Orris Pro mixture Embroidery machine series:

Model	Head	Needle	Head Interval	EMB Area	Max Speed
LH10*10	10*10	9*6	500	900	700
LH 15*15	15*15	9*6	500	900	700

Product Features:

1. It really integrates flat embroidery together with sequin embroidery, towel embroidery and chain embroidery, which acts an outstanding representative for mechanic and electric integration.
2. It can make mutual conversion manually and automatically between flat embroidery and sequin embroidery, towel embroidery and chain embroidery, thus capable of producing beautiful designs.
